DETAILED ACTION

The applicant's RCE filed on 4/25/2007 was received and entered.

Response to Remarks

1. The applicant amended independent claim 1 and agreed to an examiner's amendment to place the claims in allowable form.
2. Claims 3 and 14-25 are cancelled.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James M. Heslin (Reg. No. 29,541) on 7/7/2007.

The claims are to be amended as follows:

Claim 1, line 7: delete "sufficient to reduce an incidence of canal infection".

Claim 1, line 13: after "device", insert - - , wherein said intracanal shield is separate from said canal hearing device for independent insertion and removal while said hearing device is positioned in-situ - -.

Claim 2: Cancel.

4. Claims 1,4-13.

Art Unit: 2615

5. The following is an examiner's statement of reasons for allowance:

6. Regarding claim 1, prior art Haertl (US 4,987,597) discloses an apparatus for closing openings of a hearing aid or an ear adaptor for hearing aids. Prior art Strauss (US 4,344,425) discloses earplugs. Prior art Oliveira (US 5,401,920) discloses a cerumen filter for hearing aids. Prior art Brinhall et al. (US 6,179,085 and 6,382,346) discloses a retention and extraction device for a hearing aid. Prior art Brown et al. (US 6,129,174) discloses a minimal contact replaceable acoustic coupler. Prior art Adams (US 5,488,961) discloses hydrophobic earplugs. Prior art Williams (US 5,573,015) discloses an extruded earplug.

The prior art or combination thereof fails to disclose or make obvious an intracanal shield comprising a retention ring adapted to conform to the wall of the ear canal cavity, wherein said intracanal shield is separate from said canal hearing device for independent insertion and removal while said hearing device is positioned in-situ.

Therefore the prior art or combination thereof fails to disclose or make obvious an intracanal shield as claimed.

7. Claims 4-13 are allowed due to dependency on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
